Product Description

Introducing the updated DF250 mechanically controlled 3.6 liter V-6 for 2025. This updated model offers easy vessel integration with Suzuki's all new CAN Bus system for easier and more reliable rigging, along with our new easy start system, automatic trim, keyless starting and troll mode. Of course, this V-6 will deliver the high performance and efficiency boaters expect with their dual overhead cam 24-valve powerheads, variable valve timing and Suzuki's proven multi-stage induction along with an updated cowling and louver system. This model is available now!
