Product Description

Rotax S with Stealth Technology Tucked below the MAX Deck, the Rotax S seamless boat integration offers a smooth and incredibly quiet ride at any speed. For optimal performance and maneuverability, the Rotax S is available in single or dual options. Sleek and modern design The exclusive automotive-inspired styling is designed with premium Aluminum panels to stand out on the water and take fit-and-finish to a whole new level. A new dashboard and design A new dashboard layout and design dedicates 4 unique sections of the helm to key functions, ensuring that phone charging, radio control, vessel monitoring, and vessel switching are accessible and intuitive.
